

# New York Stock Market

New York, October 7.—Although monetary conditions bespoke greater ease and other developments seemed of a more encouraging nature, to-day's stock market manifested an irregular tone, becoming heavy in spots.

Firmness was indicated in opening prices, most of which were on a level with or above week's final figures, but pressure, directed largely against United States Steel and Union Pacific, caused a reversal of quoted values. Hill issues were the principal exception to the downward tendency. The specialties prominent for the strength included National Lead and Harvester. All the tobacco issues showed declines. The volume of trade was small.

Local time rates were unchanged from last week, but offerings were less free. The bond market was featureless except for its easier tone. United States coupon 2's advanced 1-8 per cent on call.

New York, October 7.—Money on call firm, 1-2@5 per cent; ruling rate, 5; closing bid, 4-7-8; offered at 5 per cent. Time loans stronger; sixty and ninety days, 5-1@5 3-4 per cent; six months, 5-1@5 1-2. Prime mercantile paper, 5-1@5 1-2 per cent. Sterling exchange easy, with actual business in bankers' bills at \$4.82 for sixty-day bills and \$4.835 for sixty-day bills and \$4.815 for 1-2-month commercial bills. \$4.81 1-2. Bar silver, 61. Mexican dollars, 48.

## RICHMOND STOCK MARKET.

By Richard W. Maury, Stock and Bond Broker, 105 E. Main Street, Richmond, Va., October 7, 1912.

## COTTON MARKETS.

New York, October 7.—There was a break of about \$2.00 per bale in the cotton market, with the close barely steady at a net decline of from 3-4 to 5 points. The market opened easy at 12-1/2 cents, but was soon influenced by a much more favorable weather map than expected and weakness in Liverpool. The market was then against the market, and was held by a much more favorable weather map than expected and weakness in Liverpool. The market was then against the market, and was held by a much more favorable weather map than expected and weakness in Liverpool.
